change

Every year in Texas, over 100,000 teenage girls become pregnant and Dallas County continues to exceed the already staggering state average teen pregnancies and births. Considering 80% of teenage girls raised by teenage moms will themselves have a child too soon, these young ladies will enter a cycle of poverty that will be likely passed on to their children. alley's house is a way for teen mothers to break the cycle - for themselves, their children, and society. It gives them an opportunity to learn, achieve and succeed in life.

alley's house is a 501(c)(3) nonprofit organization providing a supportive, nurturing environment for teen moms and their children. Our vision is to break the generational, economic and social impact of teen pregnancy in the community. We accomplish this by providing comprehensive case management services, tutoring, life skill workshops, job preparation and computer training. Our services are free and available to pregnant and parenting teens aged 13-21. Funding for our programs comes from individuals, private and family foundations, community groups, corporations and special events.
